Wang, S. S. & Li, J. J. (2020, August). [Trajectories of risk and resilience among maltreated youth: Prospective associations with adult social outcomes](#). Poster presented at the American Psychological Association convention in Washington, D.C.

RESEARCH EXPERIENCE

Lab Manager, Social and Behavioral Development Lab August 2019 – August 2021

Waisman Center, University of Wisconsin-Madison, Madison, WI

Principal Investigator: James Li, Ph.D.

- Managed an ongoing longitudinal study of 230 children by analyzing and organizing data, coordinating appointments, and submitting IRB applications
- Supervised 10 undergraduate research assistants (RAs) in data entry and experiments

- Served as a liaison between RAs, on-campus departments, outside vendors, and the principal investigator
- Oversaw lab's grants by generating monthly financial reports and weekly bank statements

Research Assistant, Relationships and Motivation Lab

January 2017 – June 2018

Northwestern University, Evanston, IL

Principal Investigator: Eli Finkel, Ph.D.

- Coordinated participants in double-blind, randomized controlled experiment examining positive illusions of goal coordination
- Administered Qualtrics surveys and mental, physical, and cognitive games to examine goal allocation in romantic partners
- Coded and analyzed collected data from over 250 participants using Excel and SPSS

Research Assistant, Hatch Lab

September 2015 – March 2016

Northwestern University, Evanston, IL

Principal Investigator: Shelby Hatch, Ph.D.

- Compared caffeine content of green coffee bean varieties using UV-Vis spectroscopy
- Investigated density and water content of green coffee bean varieties
- Learned 6 new methods for examining caffeine content through literature searches and trainings

Independent Research Project

June – September 2015

Northwestern University, Evanston, IL

Advisor: Shelby Hatch, Ph.D.

- Designed and was awarded a \$3,000 grant to conduct an 8-week independent research project
- Examined the effects of 22 pre-brewing and brewing characteristics on antioxidant levels in coffee
- Analyzed antioxidant levels in coffee using Trolox Equivalent Antioxidant Capacity and spectrophotometry

CLINICAL EXPERIENCE

Neuropsychometrist, AMITA Health Medical Group

July 2018 – June 2019

Hoffman Estates, IL

- Performed over 200 evaluations of children and older adults to diagnose a variety of psychological challenges

- Administered and scored 70 different standardized neuropsychological assessments and documented clinical observations
- Communicated with other healthcare providers, parents and family, and schools to relay information and treatment plans

PROFESSIONAL EXPERIENCE

Project Manager, John Behr Group

May – September 2017

Evanston, IL

- Created and implemented a comprehensive project manager manual that outlined email management, appointment set-up, ongoing project supervision, and team communications
- Optimized project management software to efficiently oversee ~50 projects, manage progress, and create timelines and goals
- Spearheaded the redesign of the company's logo, website, and social media platforms

Marketing Intern, Blue Knot Foundation

July – November 2016

Sydney, NSW, Australia

- Recruited for 7 trauma-informed professional development training sessions by contacting ~5,000 Australian practitioners and ~40 healthcare organizations
- Promoted an Australian national trauma awareness day through social media posts to an audience of ~6,000 people and a photography competition
- Analyzed 10 competitors' trauma-informed training programs to compile market research and provide suggestions for improvement

Intern, Turning Point Domestic Violence Services

June – September 2014

Columbus, IN

- Produced 11 comprehensive instructional binders for the annual Dance Marathon fundraiser to more effectively train ~100 future committee members per year
- Obtained \$219,000 in funding by designing the two-part annual United Way 30-slide PowerPoint presentation
- Filmed interviews with 7 corporate business professionals to promote the annual Dance Marathon, which generates the largest portion of annual funds for Turning Point

TEACHING EXPERIENCE

Co-Instructor, Psychology 621: Mentored Research and Seminar

2019 – 2021

University of Wisconsin-Madison, Madison, WI

Professor: James Li, Ph.D.

- Assisted professor in revising the syllabus, preparing class materials, and grading assignments for 10 undergraduate students

LEADERSHIP EXPERIENCE

Events Chair, Sexual Health and Assault Peer Educators (SHAPE) 2016 – 2018

- Led a committee of 10 members to educate the Northwestern community about sexual health and sexual assault through informative events

Chair, Columbus Dance Marathon 2013 – 2014

- Supervised 70 members to organize a 12-hour event to educate local high school students about dating violence and raise \$170,000 for Turning Point Domestic Violence Services

EXTRACURRICULAR AND VOLUNTEER EXPERIENCE

Northwestern University Active Minds (NUAM) 2015 – 2017

Special Events and Fundraising

- Strived to eliminate the stigma surrounding mental health and educate the Northwestern community through informative events and small-scale fundraisers

Sexual Health and Assault Peer Educators (SHAPE) 2015 – 2016

Outreach

- Educated the Northwestern community about sexual health and provided sexual health resources through small pop-up events

Northwestern University Dance Marathon (NUDM) 2014 – 2016

Dancer Beneficiary Relations & Special Events

- Organized engaging events to foster connections between the Northwestern community and the beneficiary organization and to raise additional funds for the beneficiary
